Selecting Articles

Click on the selected article. This will show you the Article Details that provides you with a quick look and access to:

- 1. Complete citation information
- 2. Abstract Details (when available)
- 3. Access Article Options

Tip: Our Article Galaxy engine looks up all sourcing options to provide you with the fastest and most affordable option:

- i. Owned (Already exists in the Company PDF Library)
- ii. Subscription
- iii. Token
- iv. Open access
- v. Purchase/Rent
- 4. Publisher link to the article

Tip: Articles sourced from Article Galaxy are all copyright-compliant and we work directly with publishers to give you the most affordable option for your literature needs.

- 5. PubMed link to the article for more detailed information
- 6. Save Reference
- 7. Check Re-use Rights

Article Galaxy provides you the data you need to make the best decision and option to acquire content. If you're not ready to purchase, you can still continue to save and manage that citation so you never have to track it down again.

All articles ordered through Article Galaxy will automatically be added to Article Galaxy References.

Organizing References

After selecting one or more articles, saving them in folders and subfolders is an easy drag & drop.

- 1. Create new folders by clicking the (+) symbol next to either My Folders or Shared Folders. My Folders contain folders and subfolders that are only visible to you.
- 2. When creating a new folder, you have the option to Share Folder or leave this button unchecked if you'd like to keep it private. You can easily share this at a later date with a click of a button.

	VOURLO				
	TOONED	Create a new folder	×		~~ ÷
	Search in	Folder name:*			
← Back to Home	0 Title			Year	Autho

It's easy to see how and where articles are saved on the Article Details page.

Doing More on Article Details Page

With Article Galaxy, you're not limited to just the article PDF. Organize related information pertaining to that article by adding supplemental materials and notes directly from the Article Details Page.

Tip: From your folder or search results, it's easy to spot articles that have a file associated, just look for the paperclip icon.
