## Accessing UpToDate via Single Sign-on (SSO)

Registration via Banner Health email or OpenAthens is a one-time process and you will be automatically signed into UpToDate and identified moving forward when you access UpToDate through this method.

## Follow these instructions to access UpToDate via SSO

/	$\wedge$		
	$  \rangle$		
$\sub$	<u> </u>		

Please log out first before executing the below steps

Reverification is no longer necessary when accessing UpToDate via SSO

- 1. Access UpToDate  $^{\circ}$  by visiting www.uptodate.com/login
- 2. Enter your email address that is associated with your organization. Click Continue. You will then be prompted to enter your Banner Health or OpenAthens credentials.
- 3. The first time you access UpToDate you will be prompted to complete your registration or sign in with an existing UpToDate account.

A Emil Rachael.Cox@wolterskluwer.com ZIP/Postal Code		B Banner Health Library Services		Everyone uses UpToDate with an SSO (OpenAthens).

## **Mobile Access**

Submit Registration.

Take UpToDate content with you on the go. Register for an UpToDate account or log in with your existing credentials via SSO on the mobile app:

On your smartphone or tablet, search for "UpToDate" in your app store and install the free app.

Open the UpToDate Mobile App upon completion of download.

Log in or register via SSO on the mobile app. If you are a new user, and have no existing credentials, please follow Step 2 and Step 3A above. If you have existing credentials, please follow Step 2 and Step 3B above.

Access the UpToDate Mobile App on up to two devices once UpToDate registration is complete.
